Welcome to the AOT Knowledge Base

This project is meant to create the most comprehensive source of facts & data about Age of Mythology: The Titans. Please have a look at the navigation bar on the left hand side. It was our intention to follow an intuitive tree structure that resembles the most important categories in the actual game. This platform was launched in November 2013 and continues to be a major undertaking. At this point, we'd like to thank every single contributor and we hope that our [list of voluntary helpers](#) keeps on growing.
